Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
1036 Longworth House Office Building  
Washington, D.C. 20515

Dear Chair Granger and Ranking Member DeLauro,

I am requesting funding for Rockingham County, NH Sheriff's Office Technology to Upgrade Dispatch Consoles and State Core Tie-In in fiscal year 2024.

The entity to receive funding for this project is in the Rockingham County Sheriff's Office, located at 101 North Road Brentwood, NH, 03833.

The funding would be used to tie in the Rockingham County Sheriff's Office to the New Hampshire geo-redundant P25 radio system core. This tie-in to the New Hampshire State Core would include enhancing the land mobile radio system to provide greater radio and cellular coverage, upgrade console stations, network equipment, and software, and build a cutover plan for implementation to minimize any potential down time of the radio system.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Chris Pappas". The signature is written in a cursive, flowing style.

Dear Chair Granger and Ranking Member DeLauro,

I am requesting funding for Rockingham County, NH Sheriff's Office Technology to Upgrade Dispatch Consoles and State Core Tie-In in fiscal year 2024. The entity to receive funding for this project is in the Rockingham County Sheriff's Office, located at 101 North Road Brentwood, NH, 03833. The funding would be used to tie in the Rockingham County Sheriff's Office to the New Hampshire geo-redundant P25 radio system core. This tie-in to the New Hampshire State Core would include enhancing the land mobile radio system to provide greater radio and cellular coverage, upgrade console stations, network equipment, and software, and build a cutover plan for implementation to minimize any potential down time of the radio system.

The project is an appropriate use of taxpayer funds because it will allow for increased dispatch console radio channel availability with adjacent communication centers supporting interoperability, continuity of operations and disaster planning, and critical dispatch backup in times of need.

The project has a Federal nexus because the funding provided is for purposes authorized in section 1701(b)(8) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10381(b)(8)).

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Chris Pappas".
